

May 15, 2025 LEPC Minutes

Nick Ridge

- Called the meeting to order.
- Invited everyone to discuss releases, lessons learned
- Trying to get the Title III letters out this month
- Working on the email/membership list
- Would like to grow our social media/outreach
- Drill training. We were awarded a grant for live training (ammonia release), possibly have a drill after the training
- Need speaker suggestions for the rest of the year after July. May try to have a regulator meeting toward the end of the year.
- Next meeting will be held July 17, 2025 Executive Committee meeting June 19th. Would like to see if we can get others involved in the Executive Committee.

New Business
