Subject: Re: Public records request - to inspect EDGE's communications with the xAI entities, and an itemized estimate

Ms. Massey,

Thank you for your response of October 30, 2026 to my request of October 16 to inspect EDGE's communications with the xAI entities. Your form says the office is still retrieving, reviewing and/or redacting the records and that it needs 90 days.

To help get records ready sooner, I'd like to inspect them in two first batches, before the rest:

Batch 1: communications dated October 1, 2024 through March 1, 2025.
Batch 2: communications dated March 1, 2024 through April 30, 2024.

These are smaller sets, so I hope they can be ready well before 90 days. The rest of my request stays open, and I'm glad to inspect it in further batches as it's ready.

Could you please also tell me:

1. When each of the two batches will be ready for me to inspect, and what makes the 90 days necessary for the request as a whole. For example, how many records have been found so far, and what review they need before I can look at them.

2. Where and how the records will be shown to me - on paper, on a screen in your office, or some other way.

3. Whether any record is being withheld or redacted, and if so, which one and the specific legal basis, in writing.

4. If the records will be shown electronically, the itemized breakdown of the $3,000 estimate for items 4 and 5 of my October 8 request, as I asked on October 16.

As you've noted, my requests have triggered EDGE's aggregation provisions. I understand those apply to charges for copies. Under Tenn. Code Ann. 10-7-503(a)(7)(A), there is no charge to view a public record.

I'd appreciate a reply by Friday, November 6, 2026. If we can't work this out, I'll ask the Office of Open Records Counsel at the Comptroller's office to help.

Thank you,
Rachel Hurley

Ms. Hurley,

This office has already responded to your request in the document you referenced in your email. The response has not changed.
