Ms. Hurley,

Please see below the estimated hours and associated costs for assembling responses to your remaining outstanding requests. Please note that these figures are estimates and are based on the scope and volume of prior requests, which have resulted in the production of hundreds of pages of records.

Due to the extensive nature of your multiple requests, EDGE will commit up to 4 hours of staff time per week toward the achievement of this search.

The estimated costs for a particular request item would need to be paid to EDGE in advance before any search efforts will be undertaken. However, EDGE can move on an item-by-item basis. Once the work for a particular item is complete, EDGE will provide an accounting of the time required to fulfill the request with either a reimbursement if less time was required or an invoice if more time was required than the estimate.
