Shelby County Health Department-Air Pollution Control Section

Modification of the 2025 Shelby County Ambient Air Monitoring Network Plan-Expansion detailing a proposed new air monitoring site in southwest Memphis

Comment Period Opens: March 18, 2026

Comment Period Closes: April 16, 2026

Publication: Shelby County Health Department: Modification of the 2025 Shelby County Ambient Air Monitoring Network Plan

Publication Date: March 17, 2026

Type of Notice: Public Comment Period

Location: County-wide

Project Description: The Shelby County Health Department-Air Pollution Control Section (SCHD) will be submitting a change of the 2025 Shelby County Ambient Air Monitoring Network Plan (AAMNP) to the U.S. Environmental Protection Agency (Region 4). The SCHD plans to modify the 2025 Shelby County AAMNP by proposing an additional monitoring site in Southwest Memphis. Details for the new site will be found in Appendices A and B of the plan. This modification of the 2025 Shelby County AAMNP will be made available for a 30-day public review and comment period in accordance with 40 CFR 58.10.

SCHD is limiting public comments to the proposed additional new air monitoring site in southwest Memphis. The proposed modification to the Shelby County Ambient Air Network Plan is available on the DAQ website at <https://www.shelbytnhealth.com/310/Air-Pollution-Control-Public-Notices>.

If you do not have internet capability, please contact SCHD for alternatives.
