Dear Director Diaz,

The Shelby County Health Department (SCHD) respectfully submits the amended 2025 Shelby County Ambient Air Monitoring Network Plan (AAMNP) for your review as part of the new Riverview air monitoring site proposal package.

In accordance with 40 CFR 58.10, the amended plan was made available for public review and comment from March 18, 2026 through April 16, 2026. Notice of the public comment period was published in two local newspapers and posted on the Shelby County Health Department Air Pollution Control website.

One public comment was received during the comment period. SCHD's response to the comment, along with the amended 2025 Shelby County AAMNP and the supporting public notice documentation, is included with this submittal.

The amended 2025 Shelby County AAMNP focuses on the proposed addition of the new Riverview site (47-157-0010). The Riverview site information included in the amended 2025 Shelby County AAMNP demonstrates requirements were met for 40 CFR Part 58.10 as well as 40 CFR Part 58 Appendices A, B, C, D, and E.

If you have any questions or need additional information, please feel free to call me at (901) 222-9585 or e-mail me at michael.goldstein@shelbycountyttn.gov.

Best Regards,

Michael
