Caution: This email originated from outside EPA, please exercise additional caution when deciding whether to open attachments or click on provided links.

Good morning Erin,

It was nice speaking with you this morning regarding the status of the extension of the 5Q 03D173-24 grant. Thank you for checking with the Grants Specialist regarding the extension. I have been informed that since there has been no formal written confirmation of the grant extension, Shelby County plans to close the grant by the end of the month if the written confirmation has not been received from EPA by that time. If there is any way to expedite the process, we would be most grateful. Thank you for your assistance in this matter.

Michael
