Re: Response to Notice of Violation dated August 10, 2026
MZX Tech LLC — Project Tulane - Stormwater
Existing warehouse located at 2400 Stateline Rd W
Southaven, DeSoto County, Mississippi
Agency Interest No. 90524 | ENF20260001

Dear Ms. Clark:

MZX Tech LLC received the Notice of Violation dated August 10, 2026, and the attached Northern Regional Office memorandum of July 28, 2026. This letter provides the information requested: (1) measures taken in response to the matters identified in the Notice, and (2) a schedule for remaining work.

Measures taken (1)

A Large Construction Notice of Intent for 13.87 acres at 2400 Stateline Road West was submitted on March 20, 2026, and remains on file with MDEQ. On August 12, 2026, MDEQ advised that construction stormwater coverage may be processed separately from other environmental applications related to the project. MZX is pursuing that path so that written notification of coverage can be issued and will implement the coverage and associated SWPPP promptly upon issuance.

With respect to inlet protection along the south fence line referenced in the inspection memorandum (Photo 10), that protection was installed as of August 18, 2026.

Schedule for remaining work (2)

Action	Projected Date of completion
Gain Large Construction coverage (LCNOI for 13.87 acres at 2400 Stateline Road West)	Submitted 3/20/2026, Pending MDEQ approval
Inlet protection at storm drain inlets (Memo, Photo 10)	Completed August 18, 2026

Sincerely,

X  _____

Jordan Buss
Sr. Director, EHS
